Danny was a great adult Boy Scout leader. I bunked often with Danny on scout camping trips. He was proud of his sons scout accomplishments. A great man.

So sad to hear of Danny's passing. Even though I haven't spent time with him in a long time, I have such fond memories of the times we had as kids. He was an accomplished guitarist, and we used to play a game where the rest of us kids would try to sneak up on him. His sense of smell and hearing were such that he would either hear us or smell us coming....while playing the guitar!

My cousin Danny came to visit us in Ashley,Ohio in 1972 and played "Meleguania" on his classical guitar.I was so amazed and influeced by his skill. My Mother , his Aunt Shirley Hendrickson-Martin in 1973 insisted that "Meleguainia" be the first thing that my guitar teacher have me learn on guitar. Danny and I reconnected 50 years later and invited my wife Laurie and I to his Birthday party last year where I met his beautiful family. As a present to him and his brother Bob ,I took them both to hear "Bad Sneakers" a Stealy Dan tribute band. We had a great night and told jokes all the way back to his house. He was such a kind, intellegent and talented person,it was an honor to have known him.We will always love him and miss him.Our prayers go out to his family that GOD would pour out his perfect peace upon them during this time of mourning. I know I will see him again in Heaven some day and he will see me too!
