“ I'm deeply saddened to hear of Burton's passing. Thank you Debbie for informing me. I was blessed to have worked with him off/on as my patient for several years. We had lots of good laughs and moments of tears. Tears of joy and tears of frustration. He was always determined to progress, and never wanted to let me down. I'll never forget the first time I met him. He told me he didn't believe in physical therapy from his previous experiences. He had been in the bed and had no gotten out of his room in about a month. I explained to him what we will be working on together in the plan of care, and he said, "No we are not, I don't trust you!" I assured him that I would not put him or myself in harms way, but we are gonna get him off his bed and out of his bedroom today. He took a leap of faith, and we did just that. From that point on we made tremendous progress, and we achieved his goal to get outside to feel the sunlight on his skin. He will be missed dearly, but I take comfort in knowing he is no longer in pain. Rest in peace my friend Prayers for strength and peace to all of his family and friends

“ Gaye, I'm Burton, Jr.'s Aunt Nancy. I was only 6 when he was born and I thought it was the greatest thing in the world to have a baby around. He's always been special to me even though our lives and situations went in different directions. I hope he wasn't ill for a long time and I thank you all for taking care of him after Barbara died. Please let me know anything you'd like to share. My email is nsmithhh@comcast.net. or my phone # is 501-837-7199.
