

Alicia Lea Bauldrige

July 15, 1978 - August 28, 2021

Alicia was born in Oklahoma City and moved to Houston when she was 3 years old and has lived here or the surrounding area ever since. She spent all of her school years in Sugar Land and still has many friends from those years. Alicia started in the veterinary industry when she was 15 by working free during the summer for a Sugar Land vet cleaning kennels, sweeping, feeding dogs and cats, etc. just so she could get on full time the next summer which she did. She has stayed in that industry ever since. Her last position was at Huntsville Veterinary Hospital in where she was Office Manager.

Alicia had a magnetic personality and made friends with everyone. She used to kid her mom when she was little about how she talked with every one - even store employees. Well, she surpassed her mom by 100%.

Alicia leaves behind her precious son, Colton who she adored with every cell in her body. Other family members who will miss her tremendously are: Her mother and father, Jeanie and Len; a brother and sister-in-law, Sean and Sarah and their children, Emily and Lindsay; another brother and sister-in-law, Donnie and Kaitlyn and their children, Ivy and Harper; a sister and brother-in-law, Mandy and Jessie and her son, Andrew, all of whom live in Ohio. She also has other grandparents Lloyd and Pat who will miss her tremendously. Alicia will be greatly missed by all because of her bubbly and warm personality.

Memorial condolences to the family may be made at www.shmfh.com.

“ *Alicia was a person who could light up a room the moment she walked in. I don't think anyone was ever a stranger to her. She will be missed. Colton, your mom was one of the best people I've ever known. She could turn any situation into a positive one in a heartbeat. I know you'll do her proud. She's always with you. Cheryl Kirk*

“ Alicia was a phenomenal vet technician & office manager at the vet clinic I use for my hounds. She was always happy & sassy but professional.....she was straight up. I loved her humor as well. I would call her with one of my many questions about my hounds especially with the puppies. And she always had the answers I needed. She was patient & always took time out of her busy schedule to explain everything to me. I know that her family’s hearts are breaking as well as her clinic family. I can tell you it’s gonna be really hard going into the clinic and not be heartily greeted by Alicia. My heartfelt thoughts & prayers are with you all, especially her son Colton. Your kindness and expertise will be greatly missed Alicia. I always appreciated all of your genuine concern & assistance that you showed to me. Thank you Alicia.

I have missed Alicia from The Pet Clinic. I am so sorry to learn Of her passing. She was so helpful and showed much love for the animals! Alicia was always kind and knew the Dogs by name.

If I ever had a question, she knew the answer! She actually rescued my dog one afternoon.! He had slipped out of his leash, and was headed toward the road! She was there picking ;him up in a second, I know she saved his life, How she knew I needed help, don't know. She will surely be missed by everyone who knew her.
