“ Alicia and I became good friends growing up at Country Campus. We lost touch for several years but reconnected about 4 years ago - it was like we had just spoken the day before. It hurts to realize that we missed so much time together over the years . I am glad that you are no longer in pain but sorry that I didn't keep in touch. I will see you again my sweet friend.

*Dearest Ramona & family, I am so sorry for your loss of Alicia. She was a special friend to me growing up, especially riding the bus home everyday. We were so alike in that we were both so quiet and shy. It didn't matter to those of us growing up at Country Campus, kids were always hanging out with each other, no matter the ages! I am so sorry about Alicia's illness, but know she is in no pain any longer. I'll always love you, my dear friend!! Keeping you and your family in my thoughts and prayers!! Hugs & love....*
