“ I met Amber through a friend we both shared who later became my wife. She always wrote and called and looked after us. She never missed a birthday or a Christmas. When she couldn't come she ALWAYS sent a card. I was so shocked when I heard that I didn't really know how to take it. I want you all to know my heart is with you and I'm think of you in this time. She was always sweet to everyone and she will be greatly missed.

“ I check the obituaries weekly on Pasadena Citizen and had no clue I'd see Ambers face on there today. I'm shocked! I talk to her on a monthly basis. I had no idea she was on the verge of death. She talked as if everything was going so well for her. I'm just so stunned by this. Amber drives from Huntsville to houston just to come to my birthday parties. She's such a wonderful girl. My thoughts and prayers go out to her family. I know how much Amber missed her father and now she's with him in the heavens. Much love to you Amber.. and your family!

“ I went to school with Amber and we occasionally talked on the computer. I have known about her health problems but thought they were under control... this took me for a loop. I'm so sorry for your loss. Amber was a sweet woman. She will be missed. My thoughts and prayers go out to the family.
