“ *I loved seeing Ms Amy. My little guy just had his annual check up with her in January. She gave amazing advice about working with his impulse control and her experiences with ADHD kiddos. I will miss her dearly every time I walk into the office with my kids. Her vibrant spirit was contagious.*

I didnt really know Amy past her MPC posts but I felt like I knew her. She was always enthusiastic, always encouraging others. She touched so many lives. Loved her t-shirts and how she talked about the two Scottish dudes (Sam Heughan and Coach Valbo) who pushed her to exercise. She will be missed greatly by the My Peak Challenge community. Rest easy Amy. You still inspire us and we won't forget you.

“ We are so saddened to hear about the loss of such an amazing person. Amy or Dr. Amy as my kids have always called her was so much more than just a medical professional. She was genuine, caring and just plain amazing. I will always be indebted to her for the care and concern she has always shown my children. Our prayers and love for her entire family.

“ I became a new nurse June of 1993 and Amy worked at the hospital with me in Labor and Delivery, Nursery and Post Partum. She taught me everything I knew and was a wealth of knowledge! She then called me and said there was a spot opened in the clinic working for Dr Calvin. I jumped on the chance and she taught me pediatrics in the office. That was a challenge since I did not have any kiddos yet and had to learn it all. We were known as the Old Amy and the Young Amy!! She was a blessing to work and learn with!! She will be missed and the world is better having had her in it- love you guys and praying for you

“ Amy was always happy smiling and full of joy. I loved her because to me if I could not have Dr. Calvin - I wanted her always. She was the best of the best. Good news or bad she always made it better.

My deepest sympathies to the family on your loss of a wonderful lady.

“ Amy and I met each other in our sports group My Peak Challenge. She living in America, me living in The Netherlands, we never met in real life.

Amy soon became a “Walker”, every day she went for her walk and one day I send her a message that I would join her, so we walked together at the same time.

We did that 9 times.

In april we would finally meet each other in Scotland and we would finally really walk together and then the news came...

I’m so sad I’m never going to meet her in person, but I’m still going to Scotland and I will walk for Amy there.

Amy, I miss you, but I’m glad that I had the chance to meet you, you’re a very special lady!

“ I just met Amy a year ago, it was so intense and overwhelming, seems to me I've known my entire life. We never met in person, many miles between us (USA/Portugal), that didn't stop us from being friends, I love and cherish every single message we changed, every laugh we gave. Love you and miss you my dearest “far away friend”.❤️
