“ Dixie, So sorry to read about Archie. It has been about forty five years since I have seen him. I have never forgotten the opportunity he gave Ronald and I. Ron worked for him while he attended SHSTC. Your entire family was a part of my past. May God be with you during this difficult time. Sending Prays for the family.

“ When Archie came to the Gulf Coast Trades Center, he brought all his talents and abilities with him.

*Archie was dedicated, loyal, and persistent to the Center's youth and its success. In the beginning that required being on call 24/7, using all his skills and talents in a variety of situations and circumstances. To remember Archie is to remember... "Whatsoever you do for the least of My brothers and sisters, you do for Me." Matthew 25:40 What a strong purpose he gave to his life!*
