

Arthur Thurman Lyles

January 22, 1936 - March 25, 2021

Arthur Thurman Lyles was born in Houston, Texas January 22, 1936. He served in the Navy during the Korean War and was a proud veteran. He worked hard all of his life and was most proud of his employees and time at Southwestern Laboratories. He was a good father to his children Kenneth Wayne Lyles and Tammy Jeanne Ross. He loved being a Papa to 4 grandchildren, Megan Eichner, Clinton Pugh, Kirby Lyles and Evan Lyles. He loved making his surviving great grandchildren laugh and buying them birthday and Christmas gifts, Rylan and Hunter Pugh, Henry Nettles, Autumn and Hazel Eichner.

He is also survived by his ex-wife Carolyn Salter who he lived next door to and they were best buddies. He was a great man. Everyone loved him because of his smile and laugh. He never had a negative word to say about anyone. He worked hard to stay healthy and strong by exercising everyday. He would do anything his children or best buddy asked with joy. We all know how lucky we were that he was our dad, papa and friend. We will miss his presence tremendously but we are grateful that he never suffered in health and lived 85 good years knowing he was loved. We take comfort that he died in his sleep on March 25, 2021 as he wanted without the suffering that so many others experience. Thank you Daddy for loving us unconditionally all of our lives.
