“ *Terri, I hardly ever look at the Item, but for some reason tonight, I decided to do just that and I read about Barbara. My gosh, what a shock. I worked with your Mom at HMH way back in the 60's and she was such a wild and crazy fun person to be around and work with, but one of the best RN's around. She believed in giving her all when it came to patient care and I am sure she instilled that belief in all her students. She was "one of a kind" and I know she will be missed by all who ever knew her and loved her. My thoughts and prayers are with you all.*

“ Terri,John-Randall and Family,
*Ms. Bohanan was a very,very special person to me.
I have never feared and cherished someone like I did her. Anyone who was under her instruction would know exactly what I mean. I would not be the nurse I am today without her "behoovment" and guidance. Terri, she loved you all so much; never doubt that for a second! I'm sorry that I could not attend the services but your entire family is in my thoughts and prayers.

“ Teri, the boys and I were so very sorry to hear of the loss of your mom. I know she was a wonderful lady, because she raised you. You were so wonderful to me and the boys when we moved to Huntsville and you were my mentor when I came to work with you. You taught me so much!!! And I know you learned to be the wonderful person you are from your Mom. Just know that your Mom will live on in your heart, and in all that she taught without you ever realizing you were learning from her and becoming the person you are because of her! My prayers are with you and John Randall, Steve and Boog. May God Bless You and Keep You All!!

“ I just want to thank everyone for the overwhelming out-pouring of sympathy and wishes from everyone in case I dont get to tell you personally later. Steve and I do appreciate all the wishes and prayers and they do give us some comfort.

My mom was a great lady... in her short 66 yrs she touched alot of lives and in turn alot of lives touched hers. Steve and I both grew up hearing about these wonderful people that made a difference in her life (and ours) and if she didnt get the chance to thank you then please accept my thank you from her.

Her work at the Joe G Davis school of Vocational Nursing was her greatest pride as far as her professional career... she always encouraged education and pounded it into her students to go for there full potential. When she would heard that a former student had gone on to RN school or even obtained their doctorate or other degree or goal it would fill her with great joy and pride... knowing that in a little way she had a part in someone going out into the nursing field to provide the best possible patient care possible. If there is one thing she would leave with her former students it would be to continue to "think outside the box"... her students will know what I mean.

Her church, Farris Chapel, and its members also gave her so much joy. She loved each and every one of you and thought of you daily. Her belief in God and the support of her church got her through some very rough times in the past few years and I know she appreciated every prayer and wish that was given to her... even though she may not have said so personally. This past year she talked alot about all the support the church gave her and how it was the members that helped her through some of the hardest times in her life. I also was to thank you for that myself. My Mom loved you each and every one.

Her co-workers and those she worked with closely were also very dear to her (Margarite, Barbara, Janet, Darlene, Betty, Christie,

Marilyn, Katrina and so many others that right now I cant even remember all the names) listened and supported her during some rocky times and she held you all in a special place in her heart. Thank you.

With Mom's sudden death if there is one thing I can leave with you it would be that never miss an opportunity to tell those that you care about just how much you care and appreciate them before it is too late. Dont have regrets later and have to say " if I'd only". Our lives are blessed by the ones that God puts in it and never take a blessing for granted. The last time I talked to Mom was Sunday and it comforts me to no end that our last words were that we both said I love you.... even though I would give everything I have to have her back with me here today.

Thank you again from Steve and I... we do feel the prayers and wishes. Keep my mom in your hearts, because I can guarantee you were in hers.

Sincerely,

Terri

“ *Terri*

When I heard of your mother's passing I knew the nursing profession had lost a great person, role model and advocate. I had great respect for Barbara and her years of teaching. I know that simple words may not comfort you at this time, but know that you, John Randall, and your family are in my prayers. May God bless and comfort you during this time.

“ *Terri - Liz:
I want you both to know just how much I cherished Barbara. She was my second mother here at the office. She would always come in with a smile for me and stories to tell from the weekend. I catch myself all through the day turning around in my chair to tell her something and I feel such a loss knowing that I can't tell her in person. I pray that God will give you comfort in knowing she is now with her Daddy and she's happy.* Trina

“ Terri and Steve, we want you to know how sad we were to hear of Barbara's death. She was a great boss and helped me a lot in my job. I am so sorry that I wasn't able to get over to see her when I got out of the hospital. We were going to try to have lunch with her but the time just wasn't right. We're going to miss her, as I know you will, too. Just keep your faith and know that she is in a much better place than we are. We'll keep you in our thoughts and prayers. May God bless you. Love you, Betty and Bill

“ Terri and Steve, we were so shocked to hear of your Mom's passing. When I got to feeling a little better, I was planning to go see her at Home Health and maybe have lunch with her. We just didn't get to have the time and I really am sorry. Bill did see her about three weeks ago and said she looked great. She was a wonderful boss to me and helped me a lot. I'm going to miss her as I know you will. But just keep your faith in God and He will see you through this. We love you and will keep you in our prayers.

“ Terri and family...especially John Randall..
I only got to spend just a few months with Barbara, but in just that short time I grew to love her and appreciate all of her knowledge and most of all her friendship... She gave me so much advise on nursing school and encouraged me to continue on..(I am in school now) I will miss her when I go back to work at Home Health Care of Huntsville. To know God has her by his side and she is in Heaven watching over us... May you gain strength by her passing..May God give you peace.
