“ Share a memory, geez i wouldn't even know where to begin there are so many. But one that comes to mind i stayed the weekend with him and he had just went fishing the weekend prior. He had caught some red fish, well he pulled a couple of those bad boys and threw them on the pit and we walked out in too his garden and picked some fresh okra and squash. And let me tell ya that was one of the best plate of food i think I've ever eaten. I miss my friend....
