“ *I just found out tonight that I lost a dear friend...Beryl Bishop. It breaks my heart to know that she has passed on and I didn't know about it. I will always remember Beryl for the same reasons that have all ready been posted by others.*

She took me by the hand when I first started selling books at the WSD and she never let go. She knew so much more than I did about the books and materials, but she let me feel like I knew what I was doing, I'm so grateful that my life has been blessed by this beautiful, strong, caring and independent woman. She left us way too soon.

Blessings to the family!!

“ We always enjoyed Beryl coming to the office. She was always so pleasant and funny. She would always have a story to make us laugh. She was also great cook. Beryl shared her recipes with us and they were always delicious. Sweet lady! She will truly be missed. Sending prayers to the family.

“ My thoughts and prayers are with Beryl's family during this difficult time. Many years ago Beryl and I commuted together to New Caney where we both taught. I have such fond memories of those days.

“ *Beryl was one of the nicest people I had the pleasure to work with at Windham. She was honest, direct, and truly caring. Beryl told it like it was and you always knew where you stood with her. She was also fun to be around. Beryl was a very strong woman with the ability to get things done. She was also very helpful to other people and never minded lending a hand or giving advice and sharing information. She will be missed. I am sorry we were out of state when her services were held and we were unable to pay our respects at that time. I know her family is going to miss her very much.*
