“ *This dear lady was my mother in law, thirty years ago. I learned so much from her that I have retained in my heart all these years. The warmth and openness of her personality helped me cultivate the same qualities in myself. I learned some neat tricks in the kitchen from her and I still smile when I think of how she used to use the dishwasher as a pantry. We both loved plants, and I still have some now that she gave me. She'll always have a place in my heart.*

“ There are not words that can express how much you will be missed. You always pushed me to be the best I could and for that I will never forget you. I will always miss you putting out more sweets and food than I could handle. I love you and I know you are in a much happier and more peaceful place.
