“ *My Aunt Betty holds a special place in my heart. We did not visit often, but when we did, it created wonderful memories that I have shared with my (now grown) children. When I was about 14 years old, we were visiting for a few days and one morning, she announced that she was taking me shopping. She drove me to chic makeup store and had them put make up on me for the first time. I went from being an awkward teen to a princess in my mind. It was a wonderful experience and I ended up taking my daughter so that she could have the same experience.*
