“ Lena and family, Just a day or so ago I visited with you not knowing what tomorrow would bring. Each day is a special gift to us. I personally didn't know Brian, but he sure must have been a special dad for those boys. I know you your life will be full being a Mother for your young men. May you have the Lord's blessings. Know that Brian wants the very best for his children.

“ Lena, I am sorry to hear of your loss. I remember Brian fondly. Even though the last time I saw him was during school. Seems life carries us all in many different directions on this road we call life. We always have the memories of those who have entered our lives and left a footprint on our hearts.

“ My memories of Brain are those of smiles and laughs on many occasions. He always opened his doors to my wife and I when we came to party and play, and he did know how to do both:). I will remember him in a very nice way and miss the life he brought with him where ever he went. I cant imagine the pain the family is suffering and hope you picture him in heaven.

•What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.

With Love,  
Gary
