

Bryan Scott Dolan

April 15, 1967 - October 16, 2019

Bryan Scott Dolan lost his battle with cancer on Wednesday, October 16, 2019. He passed away peacefully at home surrounded by family and friends. Bryan was diagnosed with glioblastoma in August of 2015. He fought a brave battle and had a strong will to beat the odds.

Bryan was born on April 15, 1967 in Dumas, Texas to Dennis and Joleen Dolan. He graduated from Montgomery High School in 1985. In 1987, he graduated from TSTI in Waco. After graduation, Bryan worked at Channel 10 in Waco. He then moved closer to home and worked as a sports camera man for Channel 39 in Houston. Filming allowed him to view our beautiful country through the lens of a camera, including Europe and Mexico. He filmed the Rockets, Oilers, and golf. After a long career as a cameraman, Bryan became an IT supervisor at Lone Star College.

As a child, Bryan enjoyed camping, swimming, fishing and spending time with his family. As an adult, his love for the great outdoors continued. Bryan loved saltwater fishing and snorkeling. Most of all, Bryan enjoyed spending time with his friends going bowling and cheering on the Astros.

Bryan is survived by his parents, Dennis and Joleen Dolan, his brother and sister-in-law, Brent and Ginger Dolan, his niece and nephew, Hailey and Cody Dolan, numerous uncles, aunts, cousins, and friends.

On Monday, October 21, 2019, visitation will take place from 1:00-3:00 p.m. at Sam Houston Memorial Funeral Home, 20850 Eva St. in Montgomery, TX.

“ *Bryan Scott Dolan*

“ *I met Bryan shortly after he joined LSC-Montgomery. I was a faculty member at the time and having some issues with my PC. I remember it was fairly early in the morning and I was trying to get ready for class. Bryan's easy, calm demeanor helped me relax and feel a little better. The issue with my PC ended up being a serious one, so Bryan and I had quite a while to talk during the process of getting the issue resolved. I found out a lot about Bryan that morning. We had a lot of similar interests. We enjoyed the same types of humor. We had similar hobbies. I made a friend that day.*

I didn't see Bryan as much when he went to work at the Conroe Center. But when I did see him, it was easy to pick right back up where we left off. That's the kind of person he was. Later, when I was at Conroe Center, I got to see Bryan more frequently. He always had the ability to crack me up, even if we only had time to say a sentence or two in passing. Bryan was an amazing friend and I feel fortunate to have known him.

“ Bryan was the first manager I ever had when I started working for Lone Star back in 2010 and he made me feel like a welcomed member of the team from day one. He had a cheery, laid-back attitude that I did not expect from a boss and made me enjoy coming to work every day because I would get to shoot the breeze with him. Even with that amiable attitude, he still knew when things needed to get done and made sure that his employees were well-equipped to do so; I will always respect him for that. I learned a great deal from him, both in technical knowledge and on how things operated at LSC, and he played an integral part in the kind of worker and person that I am today. I would not have gotten here without his helping hand being there from the very beginning.

He will be greatly missed but I feel both fortunate and lucky to have worked with him.

“ While I did not know Bryan personally, I did know him professionally. His dedication to LSC was without question and his personal drive was amazing. He constantly pushed himself to improve both before and after. After his diagnosis he didn't give up. He pushed himself harder to beat it and showed his determination to move forward despite the challenges he faced. It was an honor to have him as part of our team, he will be missed by many.

“ Bryan, you were one of the first friends I made upon my relocation to Houston in 1990. I'm glad we kept in touch over the years. I'll miss your easy going Texas style, your humor and more. God has better plans for you now. Rest in peace and thanks for being there.

“ *I worked with Bryan for several years at Lone Star College-- Montgomery. He was there for anything we needed help with in regards to our computers. He would go above and beyond for the Montgomery nursing department. If we needed him at 3:23 pm or we needed him at 7:59 am in the morning, he was there with a smile on his face and willing to help with whatever the nursing department needed. Our department had several very important tests throughout the year that were computerized. These tests depended on our IT department to make sure they worked with our system and all the students were able to get on their test and go through it smoothly. Bryan and his co-workers always made sure they got the job done. He was a wonderful person and co-worker. He will be missed.*

“ *I met Bryan when he first started working at the Lone Star College many years ago. He was our building OTS technician. Always a smiley and friendly guy. Over the years Bryan and I got to know each other. Bryan was one of the kindest and most compassionate people I know. Regardless of how your day was going, Bryan could always put a smile on your face. You will be missed, Bryan. Prayers for all of his friends and most of all his family.*

“ *When I first started working for Lone Star College a little over 10 years ago Bryan was our team's tech. He set the bar for the nicest most friendliest techs I've ever known. He knew everything and was always so willing to help us out. No one ever came close to being as fun or as funny to be around. I sure will miss him and know he fought really hard. My heart and prayers are with his family. Miss you my friend.*

“ We will always remember our nephew Bryan, from the time he was born until his last day on earth. I was happy to hear all the comments about how funny he was. The first time I saw him after he was married to his former wife, I asked him how he liked married life. Without batting an eye he said, "I used to come home after work and go out in the yard and throw a frisbee to the dog. Now when I come home from work, I walk around the yard trying to find out why there are brown spots in the lawn." He cracked me up. We'll always remember and love you, Bryan. Prayers for all the family.
