“ *I'm so sorry for your loss. Deepest condolences from my Mom, Florence Weatherly, and myself (Florence's daughter). You are all in our thoughts and prayers. Mom said she has a fond memory of when she first met Charles Louis - she and daddy were living with Doc & Clara Weatherly in Willis and she was working in the flower beds and Charles Louis got home from school & decided to tackle her just for fun! LOL! She said that was the one memory she would never forget! God bless you and keep you in your time of grief.*

“ *Betty Ann and family,
I am truly saddened by your loss. I always thought the world of Charles, and I don't really know how to explain why, but he came into our group of 4-H families when I was young and impressionable. There was always something a little "more" about him, that I liked. I never saw him lose his temper, although I could tell when he was upset. I have genuinely always respected the kind of man that he appeared to be. When I returned to Montgomery, later in my life, as an adult, I enjoyed running in to him and having a conversation about whatever was going on at the time. I have thought of you all often these last few months and prayed for you with love.*
