“ I remember Charlie working to make the electrical wiring safe in Mom's house where we were living. Once he had been in the attic, he told Karl (who was out on the Gulf on an oil rig) that he (Charlie) could not sleep at night for concern about the safety of me (Sue) and Jimmy. I was touched more than I can express with that comment. It shows the quality of man Charlie was. He always put others first. We are so very sorry for his passing and will keep all of you in our prayers. The next time I see a beautiful light show from the Heavens, I will know who was organizing it for sure. With our heart felt love, Karl, Sue and Jimmy Hardy
