“ *Mr. D. -- What a legacy you instilled in each student that passed your way. I remember when Joan went off to "Nursing School" and everyone was having problems with chemistry, she was so ahead of the other students, she taught them at night in her dorm room. J.L. went to Sam Houston State and taught people in his classes math because of the great job you did to prepare him for college. Then later when I went to nursing school several years after graduation, I was able to accomplish all that was required, because of the way you had challenged me each day of school in Sheridan. Thanks for all the lives you touched, and all the things for the community of Sheridan. There are no words to express our gratitude for all you and your family sacrificed for the small town of Sheridan.*

*To all the family of Mr. D, we send our love and prayers for you at this time.*

*J.L. and Laneil (Peterson) Vawter*

Laneil Vawter - May 02, 2018 at 11:08 PM

“ *My Great Uncle "Dub" was a wonderful, caring, patient man. I loved listening to his stories and spending time with him at family gatherings. My deepest sympathies to Great Aunt Mary Lynn, Don and Hilda. I will miss him.*

GH

“ *With the loss of Mr. D, we have lost the most valuable human asset, most of us have ever known. Good bye Mr. D... till we meet again.*

*Tell Galileo, Copernicus, Archimedes, Newton, Einstein, Pasteur, Madam Curie, Hawking, Hodgkin, Robert Ball, and all those others, hello for us.*

*They should bow at your feet... and of course, plant a few rows of garlic when you get there!!*

*My condolences to Hilda, Don and the rest of Mr. D's family and friends.*

*Will see you again... Mr. D.*

JB

“*Mr. D, You were a great inspiration to several generations of youth in our town of Sheridan. Many students remember the sounds of "How Now Brown Cow" shouted out in a loud voice that would echo down the halls of our small school when inspiration would strike you while teaching us to solve some difficult Geometry or Trigonometry equation. After filling blackboards on the front and back of class with equations, you would write QED in large letters daring anyone to challenge your work.*

*You did all of this with a kindness and respect for each of us no matter our position in life. Your guidance during the school consolidation helped our community secure a voice and partnership in the new consolidated school instead of tearing the towns apart with a huge fight. It was always what was best for the communities in our corner of Texas.*

*RIP kind sir, we will never forget you!*

*Jim Brisco- class of 67*
