Wes, you were a special person. As we get older, there are times when I body gets tired and worn out. One thing that can be said about you that you lived your DASH. The dash is between your birth date and the date you passed. We can be assured that u lived your dash. God bless your family. We love you and will miss you. “ Paw-paw was a loving man that always had an open heart for all of my friends, and for all of those he met. it didn't matter their age, walk in life, or race. He always had a hug and kind word for everyone. Love you paw-paw! I know you're playing dominoes, cracking jokes, and hassling everyone over their hand.
