“ *Charlene, we were so sorry to hear of the passing of your Dad, Charlie. He was a special friend to me as was your Mom. They were always so glad to have me visit and I loved to hear their stories of life experiences. I am privileged to have known them both. May peace be with all of your family in this difficult time.*

“ *Charlene, I just wanted to share my experience for you. Skeptics will call it a coincidence ... believers will call it a sign. A cool front had come through Dallas Monday morning with rain and cool temperatures. I had turned off the A/C and had opened the windows and the patio door, which does not have a screen. Late in the afternoon, a dove flew into the house and into the kitchen where I was. It flew around the kitchen/breakfast area several times, then landed on the counter. The dove let me catch it. I took it outside and released it. Because I was aware of your dad's condition, I sensed that he had died. I noted the time ... it was 4:44 PM. About 20 minutes later, Aunt Pauline called me with the news.*
