“ *I recently learned of Connie's death. It was sad news to hear of her passing. She was such a positive person in high school and it was great to read the wonderful warm messages from others in school.*

I have fun memories of our shared graduation pool party. It was a great time when we both were so young and really beginning our lives. We were blessed to have such a time in our lives.

She will be missed and I wish my wife could have met her and we could share old memories of school days.

“ We were blessed to have Connie impact our children's lives while they attended York Jr. High. Not only as James' math teacher, but she encouraged our son Jake and our daughter Melanie as well, in watching out for them and encouraging them when needed. She was the prime example of what a "TEACHER" should be, in not only teaching the subject but applying it to every day life and looking at the student as an individual and meeting them where they are. She encouraged, supported, taught, disciplined and counseled in a loving, nurturing way and many teachers could take a lesson from her. Our prayers are with you, her family and friends and I feel that Jesus met her and said, "Well done my good and faithful servant".

“ My prayers and sympathy to all of Connies' family. Forever is a long time, I know, but that is how long I have known Connie, basically, all our lives. What a sweet and loving person she was and how priviledged to have known and taken this journey of life with her. You will be missed. In loving memory, Carlis

“ I met Connie in the 4th grade. We had so many fun times together growing up. She always had such a positive attitude about life..it was infectious! I had not seen Connie in over 40 years and was looking forward to visiting with her at our reunion...and "Mrs. Dunn", one of my favorite teachers and a great Mom also. I am so glad Connie has wonderful children and grandchildren to carry on her memory. God bless all of you. Sincerely, Madeline Hill Mowery
