But didn't even send flowers to his funeral let alone pay your respects. Nope to busy smoking meth in my grandmothers house and trying to profit off my dads belongings. You are sick. We should have listened to my dad every time came over here complaining about you and wanting to kick you out. Had I only known what was really going on.

Sarah, I didn't attend service, because you wouldn't let me. I know for a fact that your Dad NEVER said anything like that to you. Sorry you don't have the memories of your Dad like I do. And as for your accusations about drugs, that's really hilarious. Don't take my past and turn it against me. Everyone knows different. Melinda was right about you. I see it now.
