Daniel (Dan) Bailey Cain Jr., 57, was born on August 29th, 1964 in Dallas, Texas, and passed away on Wednesday, September 8th, 2021 in The Woodlands, Texas. Dan went to high school at James Madison High school in Houston and graduated in 1982. Shortly afterward, he married his high school sweetheart, Christie Grady, and between that union, their children, Trey and Becca were born.

Dan Began his career in Law Enforcement graduating at the Alvin Community College Police Academy in 1985. His first job was in the Dallas County Jail as a Deputy with the Dallas Sheriff's Department. He was known by many in the Dallas area as Big Red. From the Dallas County Jail, he worked with the Marlin Police Department. After a few years in Marlin, he moved to Houston and received his HVAC Technician Certifications. Dan then moved to San Antonio to work with his father at the family Ice Machine Business, Ice Factory South Co. In 1991, the family moved back to Houston and began working with the Woodbranch Marshals Office and the Patton Village Police Department where he worked drug interdiction. Dan then moved to the Conroe ISD Police Department in 1992 as a School Resource Officer. During his time in the schools, he got involved in the DARE Program. In 1997, he started working as a deputy with the Montgomery County Constables Office Precinct 1. Assigned to the MISD Division, he implemented and oversaw the DARE Program.

"Deputy Dan" was known and loved by the staff, students, and community.

While working as a School Resource Officer with MISD, he was promoted to

the position of Sergeant. Throughout his career with PCT 1, he was also able to work in the Civil/Patrol Division, Mental Health Division and Marine Division and obtained his Firearms Instructor and Master Peace Officer Certifications. He was also a part of the Gang Task Force and Swat teams with Pct 1. While working the Marine Division, he was promoted to the Rank of Lieutenant. After 20 years of service with Pct 1, he retired in 2017. After retiring, his love for law enforcement didn't end as he continued to teach training classes for Texas Commission on Law Enforcement.

Dans favorite things to do in life besides being a police officer, were fishing, hunting, boating and being with his family and friends. He volunteered for many years with the Houston Livestock Show and Rodeo cooking for the trail riders and was also a member of the Masonic Lodge of Montgomery. Dan bought the Jeep that he always wanted and joined the Montgomery County Jeep Society and other clubs. He had no fears. Even as a rookie climbing rocks, he climbed intermediate courses and always had his best friend, Angus, in the passenger seat. His interests also turned to traveling and he bought an RV. His plans and goals were to be able to camp and see the rest of the United States, but unfortunately, they were cut short.

“Wow,,,,, I guess I miss this post. I was on the Sam Houston Memorial Funeral Home website for another friend. And I came across this Page.

Danny and I went to school together way back in the day. We also lived really close to each other. after sixth grade my family moved and we lost track of each other. Many years later, he was a Police Officer and I owned a wrecker service. I was working a repo and I requested an officer to back me up as the person had said he "would shot anybody who tried to take his truck." When the officer showed up I did not recognize him. He walked up and shook my hand then he hugged me..... and said Darrell Man it's been a long time. I was like who the heck is this... then I noticed his big smile... Danny always had a smile and I said, Danny? He said "Yes man" then we hugged again. He walked up to the door and ask for the man whose vehicle was being Repossessed, the man gave him the keys. Danny asked him to step outside, he padded him down and told him he should stand right there while I hooked up the truck and drove off. Sadly (My Loss) we did not keep in touch. I Know his family would like to know about his childhood. I'll just say when us other boys would talk about doing something wrong Danny was the one who would always ask us "are you sure you want to do that?" Not saying he never helped. Just saying he was selective as to what he got involved with. I can not remember Danny ever being involved in anything we got caught at. He was one of my childhood friends who never ever looked down on me, as many others did. I'm so sorry for his family's loss. Peace Love and Happyness, Always.

“ I’ll always remember working on our film shoots on the forest roads of Montgomery County. You also kept our film crew safe on a boat with JJ Watt. I’ll remember your can-do spirit and sense of adventure. You were one of a kind. A gentle giant.

“ Time flies on so many levels. Although I hadn’t seen Dan for some years I am always comforted by the memories Joe and I have of Dan and Christie. Our kids were the same ages and we spent many a nights cheering our boys on the football or baseball fields. We even went on separate trips to New York City after the boys graduated and met up a couple of times in NY. Oh the look of Dan on the crowded subway! I will miss Dan’s smiling face and helpful ways. Christie, Trey, and Becca I am so sorry for this to have happened but be at peace knowing he is in Heaven and you can see him again.

“ I am so saddened to learn of Big Dan's passing. The photo accompanying this memorial is "so Dan!" That genuine, friendly smile, the wave, his easy-going nature... It's always been wonderful to run into Dan as he worked for the community, he was at so many events, always helping out.

His career in law enforcement and community activities is hard to match. He will be sorely missed. My thoughts are with his family during this difficult time. He leaves a huge gap in their lives, I know. We will always remember this great man... Sue Warman and he would laugh when she'd call him, "Red on the Head Dan."

“ I first met Dan at the old Montgomery High School baseball field. I was announcing the game when he entered the press box. We talked for awhile and became instant friends. We shared the press box together for many Bear games. He was a gentle giant with a huge smile and personality. I saw him last year at Home Depot, and although it had been many years since I saw him, I recognized him right away. We talked about the old times we shared at the baseball field. He was a wonderful man with a huge heart.

My warmest condolences to his family.

“ *I had the privilege of working with Dan in the mid 1990's, both as officers for the Conroe ISD Police Department, back in the day when it was a fairly new department with a great Chief and other leaders. Dan was a gentle giant, who cared for his fellow officers, but probably most importantly for the students and staff he helped protect and serve. His infectious smile and hardy laugh made us all have a better day, and when tough action was needed, Dan was definitely the man you wanted standing by your side. He was more than a coworker. He was a friend and his physical presence will be missed, but his memory will live on in our hearts and minds. As Thomas Campbell wrote "To live in the hearts of those we've left behind, is not to die." I'll miss you my brother in blue. Rest in enteral peace.*
