“ Mrs. Neatherly was the best principal any student could have had. I had her in the 80s and she ALWAYS had a sweet smile and made everyone feel loved.

“ She was younger than I so I never thought that she would go before me. And today is very sad. She and I started the Primer grade together at Pine Valley one room schoolhouse, where most of us were relatives. Miss Bessie Swearingen was our teacher. Dorothy and I sat together in one of those 2 person double wide desks. We were as close as sisters for many years - then marriage, further education etc. took that time. But I have thought of her many, many times past and did get to see her a few times. She set such a wonderful example for everyone who knew her. We had such fun when they finally moved to Houston and we attended Stephen F. Austin together with Jessie Mae. I so loved all of the cousins on that side and believe me that ALSO her mother could crochet ANYTHING. My beautiful baby daughter looked at pictures of all the Steelys and said "Mom, there isn't an ugly one in the bunch" And John is also such a sterling character. A contribution will be made to St. Jude's Children's Hospital in Tn. by my family. RIP Dear - Love and prayers for your surviving family. Wanda Ruth Steely Staley.

“ I loved my beautiful Aunt. She would take in my sister and I summers when we were growing up. We got to try and see many new things. She gave us love that our mother was not able to and I know my mother her sister would have been very happy about that. She is in heaven now with her own daughter and her other sisters and brothers. We will miss you dearly and until we all meet again for a steely reunion on the other side. Love LaNell DeCosta-Corkins-Steely.

“ It was an honor and a privilege to work as a teacher under Dot's leadership as principal at Armstrong Elementary. She was a living example of the love of Jesus Christ. Every morning of every day you would find her at the front entrance of the school greeting each student with a cheerful smile. Whenever a teacher presented a request of any significance to her, you would most assuredly be met with an instant response of, "I'll pray about that and get back to you. ". Each child knew he/she was special. It was a joy to teach in a place where teachers were held to the highest expectatios for excellence and their work was appreciated. Her memory and legacy lives on in the many lives in which she has made a difference. Thank you, Dot, for the beautiful example of Christian servitude that you have left on my heart. “ *Dot was my big sister, and we spent many wonderful hours together. I will miss her more than words can say.*

She and John used to visit us in Houston, and we always had a marvelous time, sharing our lives. When I was first married and lived in Angleton, TX, Dot and Jay (he was two at the time) came and stayed a few days with us. What a wonderful memory.

She was very influential in my life and she loved her family and was so happy when she was with her grandchildren and great grandchildren. The children Jay and Lynn adopted really were loved by Dot and were so good for her in the beginning of her battle with dementia..
