“ *Dorothy was a Dear, Dear friend of my sister Ella Gillan and I had numerous occasions to be together with them and as I told Ella last evening "Dorothy was a classy, smart, aristocratic, elegant lady and she was also an excellent cook. I have some of her recipes which I shall treasure always. God Bless her Soul and all her family members. Love and Sympathy, Bedelle Langdale*

“ *Dorothy Tice was a sweet, loving, considerate lady who came to my rescue when a loved one of mine died ten years ago. Her support helped me greatly and I will never forget her. We lost touch after that but I have still been thinking of her and hoping she was doing well. I tried to keep in touch for a while but she seemed to be experiencing some ill health at that time.*

I know you all will have wonderful memories of her for the rest of your lives.

My heart goes out to you as you all experience the sorrow of losing Dorothy.

“ Dorothy was my neighbor at 3 Fountains apartments when I first moved to Houston in 1995. She was a source of support and joy to me as we shared meals and our apartment homes with each other. When I moved into my first house, she visited and brought a basket of plants and plum jelly that she had made.

I will never forget her.
