“ I miss you Ekho. You were my best friend I knew you since pre k back when we used to go to kids world. I watched you grow up and turn into a great kid. I remember the summer of 2023. We had went fishing together the whole day. We didn't catch many fish but had a great time. I was I didn't move schools and couldn't hang out much. I think about you all the time. Wish you could spend the night one more time. LLE

“ It's your birthday today, Ekho.
I miss you a lot. Here I am at your house, I still spend every weekend here. I'm out of words to say, I've said a lot. Everytime someone mentions you, I always have a mouthful to say. I expected to see all my friends and cousins after winter break, and everything to be normal. But it wasn't, you were gone and a chunk has been ripped out of my chest. You were such a loving, funny and comforting person. I miss you so much Ekho, I'll see you again one day 🙏☐

“ Oh sweet Ekho, where do I even begin
You were always smiling and being that goofy kid you are. So glad I
was able to spend thanksgiving weekend with you and we had all
those moments on the way home listening to your music and
singing and talking. Watch over us baby boy . You will always be in
our hearts forever LLE

“ I'm not sure how to start, feel or deal with any of this. You were a
spunky little spit fire, always kept us on our toes. I'm not even your
mom, but this is one hard one in the books! Shed your light on us &
guide all who gets lost you sweet angel. Love you always until we
see you again.
