“ *Three quick memories....1. When Grandma got her new HP computer, I got to play on it while mom chatted with grandma. 2. We all piled up on her bed to make the bird seed roses for Lisa's wedding. 3. Everyone would gather and eat snacks at her house and laugh together. Her laugh could be heard over everyone else. She was so happy to see everyone and we were glad to see her as well.*

“ *When I was a young boy we were fishing and I was standing under a tree. Grandma taught me how to throw my line side arm so I would not get hung up in the tree and told me how to watch my bobber until it went under. I still throw my pole like that and think of her each time. It remains a vivid memory. I also remember that giant smile she had each time she saw me.*

“ I remember sitting at her kitchen table drinking coffee milk and us talking about the birds in her backyard as we looked out the window. I felt how much she cared about me.

“ There are many things I admired about Evelyn. One thing was, I liked talking about the stock market and politics with her. I always hoped that she would have chicken salad when we visited because it remains the best I have ever had to this day.

“ Mom held my hand a lot when I was young. I still love to have my hand held. She taught me how to cook, sew and how to celebrate birthdays to name just a few things. I have many wonderful memories to treasure.
