“ *Forrest was like a second son to us as he was growing up. Our families were so close. He was a hard worker even as a young boy and has been a great help to his mother, Jackie. He will be missed by his family and friends.*

“ Forest was such a kind person. He made a special visit to see my dad in the assisted living center right before my dad (Jack Phelps) went into hospice. I felt it was a special visit for both of them. I think there was a special bond between them and they got to share that with each other.

My other great memories of Forest were on the special vacations our families took to New Braunfels. Forest wasn't that "pesky" older brother that brothers can be to their younger sisters and friends. As we got older, he was always so friendly and genuinely cared by asking questions and then listened to know how you were doing.

My thoughts and prayers to the family.

“ Kara, just noticed the obituary (shared the same last name), and I'm sorry to hear about your brother although I'm not sure if I ever met him when you and I were neighbors a long time ago.
