“ *Thanks Dad for the last 2 years of sharing, caring, and loving me. Thanks for the time well spent on getting to know you and your wishes. The only regret is as a child growing in this family I never got to spend time with you on daily basis. You have taught me more in these last few weeks more than my lifetime. Your strength, courage, and honor. With God you are now at peace and in no more pain. I LOVE YOU!*
