

Frederick Henry Stigale, III

August 26, 1934 - August 14, 2022

Frederick Henry Stigale III, born August 26, 1934, passed away on Sunday, August 14, 2022, just shy of what would have been his 88th birthday. He died at home with his wife of 27 years, Christine Stigale, by his side.

Fred retired from the Shell West hollow Research Center as a Safety and Fire Protection Supervisor after 30 plus years of service.

A former Fire Chief of the Alief Community Fire Department, he was an instructor for the Texas A&M Industrial Fire Training School and Shell Company Fire Training schools.

His expertise in the field of safety and fire protection was only exceeded by his care for the well being of employees and the community in which he served.

He was an active member of the National Railway Historical Society, Sons of the Revolution, and several Safety and Fire Prevention organizations. His community involvement, accomplishments, and accolades are too numerous to mention.

An avid traveler, Fred never met a stranger. He will be missed by all that knew him.

Memorial services will be held at Sam Houston Memorial Funeral Home in Willis, TX, on Saturday, September 3, 2022 at 10 AM. It was Fred's wish that any memorial tributes be made in the form of charitable donations to the Alzheimer's Association.

Tribute Wall

“ *A warm memory that I have was the sharing with Fred the administration of distributing football programs at the weekly games. We had such fun in doing this under the direction of the high school history teacher who seemed to appreciate Fred's and my joint efforts.*
