“ *I was married to Gary. I am sorry to hear of his passing. I am wondering what the cause was of his death. There was no mention of his children and extended family in his obituary, and why he chose to be buried in Huntsville. It's another milestone for our family.*

“ *Our contact with each other ebbed and flowed but I hold special memories of you, brother. When I was a young child, you would hold me down and tickle me until I screamed! Your poetry will be cherished forever and I thank you for sharing it with me. You will always have a special place in my heart. Your 'princess,' --Twila*
