“ *The Garner family will never forget David and the courage that he displayed over so many years as he fought to get well. He prayed and showed such concern when our grandson had a similar blood disease to that of David's. We in turn prayed for David and saw him make a miraculous recovery so that he was able to live additional years and bless his family, students, and friends. It saddens us to know that David was taken while so young, and our hearts go out to his wife and four children. Our prayer is that God will meet their needs as only He can do. There is much peace in knowing that David is now sitting at the feet of Our Lord.*

countless memories of our college days. He was my roommate,

“ *I'm very sorry to hear about this. I worked with Dave at GNC in college and had the opportunity to have some great times with him for a few years. As it happens so often, I lost touch after college but will never forget him. I was reading something earlier this week that said "eventually, all you'll be is a memory to people. Work every day to make sure that you're a great memory to people". Dave is absolutely a great memory to anyone that knew him*

“ Dear Daniella and family,

My heart is so heavy for you. Your David was my fun and sweet-souled friend Jack Black from college. Some how his rugby family became my family during the short time I lived in Huntsville. I can't believe he has passed so young, but I can believe he married an amazing woman and is father to four incredible children. He blessed my life with unforgettable memories and laughter, and I'm positive his children will have similar impacts on those with whom they cross paths. He is watching over you right along side an even larger personality and Father. You are all in my prayers.

“ *Hi, Largent family. This is Randall McKay. I went to school with David from Kindergarten until we graduated together in 2000. Over the years, we became friends and shared a lot of great times together. I remember in sixth grade, us horse playing around when we should have been doing our homework. I also remember how in high school, we where on the football team together. I ran with the ball, and David blocked for me. He would never, ever miss the block, allowing me to sprint ahead for yardage. He was my friend, and my brother. How can you know someone for so long and so fondly, and not call them a brother? We will miss you David, and the humor and wisdom that you provided for those around you when they needed it most.*

God bless, and we will think of you often.
