“ I was saddened to recently learn of Art's passing. Art was in many of my classes from 4th grade through high school and although he was not the type to walk in a place and make his presence known his smile always preceeded him and his laugh would fill the room. He was such a kind-hearted person and the Class of '81 has lost not only a great member, but a great person and friend to many. God rest his soul and give his family peace during this difficult time.

“ It broke my heart when I heard of Art's passing. He and Ken were such good friends and I always enjoyed him, and his daddy, when they would come and deer hunt. I know this is a very hard time for all the family and our prayers are with you.

“ I am very sad to hear of Art's passing. We all grieve for the loss of a classmate, and pray that the good lord may comfort his family in the days to come. Art was a part of the Class of 81 Family and will be remembered to me as a guy who never seemed to get bent out of shape over anything, very pleasant and kind to those around him. He also impressed me as a no nonsense kind of guy. While most of us were on the 5, 6, 7? year college plan, Art was accomplishing that in no time at all. He may have even gotten his masters while some of us were still struggling to get our bachelors! May we all remember Art's characteristics, and put them to use in our own lives. I am privileged to have known Art since the 1st grade, as well as his mother who worked with mine. God Bless.

“ My heart goes out to Art's family. I will always remember Art with a smile on his face and laughter that filled the room. Several years ago I went through some problems in my personal life, Art sat and talked with me one afternoon and I will never forget the words he spoke and how much better he made me feel. God bless all of you!
