“ *Liz, Andy, and Bill, I am so sorry for your loss. I'm sorry I didn't make it to the family visitation, due to not getting around to reading my newspaper until late last night. I also won't be able to make it to the funeral. Please know that my prayers are with you and your family during this time.*
Sincerely yours,
Lydia

“ *My thoughts and prayers go to the family. She will be missed by her church family and all those that her life touched. She had a warm smile and understanding for those also that met her while she worked at the hospital. She was a wonderful lady. God has a special crown for her.*

“ Liz,
I am so sorry for your loss. One of the best times of my life was the time I lived in Huntsville. Your mother was ever present during that time. She was always pleasant, helpful, and just fun to be around. My last time seeing her was when she planned the luncheon for your birthday. She was excited and just wanted it to be a great day for you. I know you will miss her. Having lost two dads and the last one more recently I can tell you that the great memories are what keep them close by and in my heart always.

“ I have wonderful memories of your mother & father from my years living in Huntsville and beyond. I'll always remember your mom telling us about her adventures living in Asia and recently recounting her numerous cruises over dinner and coffee this past Memorial Day. What a life she lived...a precious gift and wonderful legacy for you all.
