“ *I don't know where to start... You were not only my employer but my mentor, friend and family. I will always remember the talks of UFO's and watching Secureteam10 with you. I just can't bring myself to believe you're gone. I will forever cherish the few years I had with you and all of the laughs we shared. You were such an amazing person and changed my outlook on so many things, for the better. You will forever hold a place in my heart. I love you Gus and will miss our cheesecake nights. I know you are in heaven with your angel of a Mother now, looking down on all of us. My condolences to Tiffany, Nelda, Steven and the Aguilar family.  
Love, Misty*

“ *Gus was my friend before his first accident and up to about a month ago when I couldn't get on touch with him. He and I loved to talk about all sorts of things and I will miss him, our chats and his good nature and strength to survive.*

*Losing both his Mom, and Gus one day later is heartbreaking but they are both together in the arms of our Lord and God. I will miss him until my time to pass comes. I share this loss for both with all the family and friends who were fortunate to know Gus as a friend and more. Bless you all, and know he is at peace. Your loss is shared by so many, and hearing of both losses today breaks my heart.*

*His friend now and always, with love, Bob Tippen*

“ Gus was my first friendly face here at Ed White. On my first day here he was the teacher I met in the parking lot and he immediately took me in under his wing. I have long missed his presence here on the fifth grade team. Much love to his family, Ms Jada
