“ *Curly, We just returned from being out of the country a couple of weeks. I was shocked and saddened to hear of Helen's passing. We will definitely miss her!! For years to see her at Elaine's just became "part of the game". And, it wasn't totally "the game", it was being with friends we know and love. You will be in our thoughts and prayers.*

“ Uncle Curly, You know how much Aunt Helen has meant to me. For the last four yeras, every Monday morning at 6:30 I knew it was her when the phone rang, it was a call to make sure each of us were OK. Our relationship has been so unique and special as long as i can remember, playing with Rick on Westover and enjoying special Holidays and occasions at all of the different places that ya'll lived. It meant so much to me to have the few private hours we had last Saturday sharing special moments and best of all "Laughing" with each other. I beleive there was so many people she wanted to say farewell to is why she stayed around a few extra days. I will miss her so much, I know she was greeted in Heaven by the entire family that had gone on before her. I know her and my Mother had a lot to catch up on, and probably most of the conversations were about her "Brother my Dad" they always loved discussing him. Uncle Curly I wanted you to know that I "Love" you just as much, please keep playing bridge, you don' want to make her mad. Maybe it would be better if you just kept an open chair for her. With Love, Kristie & Thomas

“ I will never forget Helen's exceptional charity when my mother came to Texas, knowing no one, suffering from cancer, requiring chemotherapy. Helen drove from Willis each week to take my mother to her oncologist so I could continue teaching and pick my mother up after school each week. My sympathy and extreme gratitude to the family.
