“ *To all Dr. Mostyn's loved ones,  
Veterinarians are a beloved kind of folk. They are highly intelligent,  
highly ethical and highly sensitive to the needs of both animals and  
their owners. Growing up just north of FM 1488, Dr. Mostyn was  
always there for my little kingdom of animals, pets and 4-H projects.  
When my entire flock of chickens fell over dead, Dr. Mostyn sent us  
to TAMUCVM to the Diagnostic Lab with some of the dead birds. I  
was about eight years old, and that was my first visit to Aggieland.  
Years have passed, and I'm still a horse, dog and cow lifer. The  
childhood memories we carry with us seem like yesterday, but I still  
remember the kind man who was always on call and never too busy  
to give a pup a pat.  
Sincerely,  
Sarah Anne Peel Mabry*
