“ *Shirley, I really enjoyed reconnecting with Houston at our get together at the Reader's home in 2014 and meeting you. Houston really had a busy life's story to share with us and I enjoyed hearing all about yours and his life together. Sounded like you and he have had a very exciting and adventurous one. All of his Huntsville High School classmates will miss him.*

“ Some members of our class had an opportunity to reunite with Houston and meet Shirley twice. After a hiatus of many years since the end of our Junior year as the Class of '59 in Huntsville High School, it was rewarding to meet the man he had become: a man of faith in Jesus, a family man, a serviceman to our country in the US Navy, a world traveler and a respecter of his father and mother. There is not a lot more good things an average person can have said about them. He lived a remarkable life and Shirley was by his side the whole time. His life was also a love story. You are fortunate to have a family member in which you can take so much pride. As president of our senior class, I can speak for all of us and say we are proud to have known Houston and call him our classmate. A video of Houston telling about his life can be found at this web address: <https://vimeo.com/user30460811>. Then, just click on Houston Whatley Production. The entire video from which this was taken is on the same page. It says private. Click on it and enter HHS to watch.

May God watch over Shirley, comfort her and cause each of you to remember she needs your support and comfort for many years to come.
