“ *This was my Granddaddy and I just found out this weekend that he has passed on. I am so sad that I was not notified of his passing and had to find out via Google when I tried to call him and his phone was disconnected.*

As so many have indicated by their Memories, my Granddaddy was a wonderful man of God and I will truly miss talking with him.

“ *I met Mr. Allen many years back when I worked for Farm Bureau. Mr. Allen was one of a kind! He always had a smile on his face & always gave you his full attention when chatting. I enjoyed our chats about life, food, family, traveling, etc. I am certain he will be missed dearly my family & friends. My many condolences go out to the Allen Family!*

“ I have known JO, as my Daddy called him, since I was a little girl. He worked for my Dad in Phelps, at McKee Wholesale Bait. He was a wonderful man, always smiling. My prayers to his family.

“ We've known James for 8 years now, since we came to SH in 2012. This past year because of Covid we have really gotten to know him like family. He would always meet us At his door in his white tee shirt, and blue jeans and a rope thru his belt loops for a belt. We shared many stories covering the war; his life w/Molly and how Huntsville use to be. We also talked about earlier times at Second when Gary first came to be the pastor there. James loved getting to know the new members at church as it continued to grow. We learned his likes and dislikes in food/groceries, I.e. only Sam's water for him and HEB's pecans f his squirrels. He enjoyed any home-cooked meals always including cornbread cooked in a cast iron skillet. He was a fine Christian man and lived his life pleasing to God! We will miss him terribly but he is at the feet of Jesus with his beloved Molly!

“ Thank you Family for sharing this picture of James---it captures his wonderful smile and joy! What a good man he was! I'm so sad I will not hear anymore his wisdom given with that Texas twang. We are so grateful to have known him. My family and I got to meet him twenty years ago in my sister's home. Over the years he became a friend and father figure to our family. His positive influence and lessons shared will continue on in our hearts. Sometimes he would say this: "I've been from outhouses to Outer Space in my life" as he marveled at all the changes in this world. Or..."I do not want to upset Jesus Christ" ---another nugget to ponder, as he, like all of us, stepped out to practice his faith each day. Always curious, I marveled at his energy and interests---especially nature. His WWII service to this country he loved makes him a hero along with all those who gave so much. When they gave him a new gun and three square meals a day he reflected he "...was in high cotton! But I wouldn't have got off that boat if I'd known they'd be shooting at us so much"---followed by his chuckle. He lived his life fully and I will miss him! And I know I am not alone. May he and his beloved Molly walk across the Heavens together. Grace and peace to all his loved ones and friends. A true blessing who always gave Jesus Christ the credit.

“ *I remember Mr Allen well from his "gas station" over the years! Mr Allen was always very kind to me and I always liked talking with him! He was always full of wisdom (and a laugh or two) since I was a new driver. A very kind man remembered*

“ *James Allen and I have been friends for sixty years. James had a filling station on the corner of 15th Street and Avenue L for several years and we became good friends. I worked at Huntsville Funeral Home which was just behind the station, and we visited almost every day because he serviced our ambulances and hearses. My prays go out the the family.*
