I was your dad's caretaker on his way home from the hospital. I was asked recently if there had ever been a time that a patient touched my heart. I told them of my time with your dad. For the first time.. I set in my truck at the end of my shift and cried my eyes out. In the short time I had with him he made an impact on me that I will never forget. I am sincerely sorry for your loss.. Sending prayers up for all of you..
