“ There's so many things that I wish I could say to you. One is that you were called to early, God had a bigger plan for you. Dad I really miss all the things we did together when I was little. You taught me how to be a big girl and that girls can do anything boys could do, but better. So I just need you to know that I thank you and love you so much. Your little big girl now.....
Love Tammy

“ I have many fond memories of Joe, both from having worked together for years, as well as having been friends off the job. We often talked hunting and fishing and his children and grandchildren are blessed that he shared his love of the outdoors with those he loved most. Joe would want you to cherish those grand memories and to share the outdoors, with those you love, as he did with you. God Bless all of you, Glen Pelts

“ Paw Paw, We will miss you dearly!!! I had hoped for one more boat ride on Lake Conroe, but God needed another angel. I know that you are in heaven watching over us so i'll try not to shed any tears. Why you had to go we don't know. I know in time i'll see your smiling face again. We will take care of Evelyn, so don't worry about her she is in good arms. Megan says is Paw Paw coming back after he visits heaven, but I told her you couldn't and not to be sad for he is will his father and mother and we'll all be together again. We only have memories of all the times we had and that is what makes this a little easier. So in memory of you I'll be fishing and hunting like you loved to do!!! I'll see you one sweet day. We love you Paw Paw and you will forever be in my heart!!!!
