“ *I met Joey many many years ago at Riverstone Apartments. We had both recently started working at Venterra and he was such a pivotal part to my beginning with the company. He was always there to help and we became friends not long after. I remember him coming over for dinner with my my husband and daughter and when he would come to town and do property tours. When he found out my daughter wanted an iPod, he said .. here give her mine. She still has that IPod he gave her when she was 10.. Joey had a heart of gold and a smile that would light up the room and a laugh that was unmistakable.. I will miss you Joey.. my prayers are with your family. Your friend, Kim Knearem*

“ Joey was one of the best I've ever met.

Everyone who met him loved him and loved to talk about him. He connected with everyone at a human level and cared about others and put them before himself. He was a humble servant leader. He was often the smartest and hardworking person in the room but instead of promoting himself, he would elevate others, promote their ideas, compliment their contributions, and work to make others shine around him.

His laugh would fill a room. So would his biceps. I once proudly told him that I bench pressed 150lbs. He looked at me, smiled, and said "Buddy, that's what I curl!" We both laughed.

I'm so sad to see him go. I wish I could have said goodbye. I wish I could have thanked him for all the encouragement he gave me. I wish I had taken the time to tell him how lucky I was to have known him and how much I'm going to miss him.

My condolences go out to Stephanie, his family, his friends, his coworkers, and anyone who knew him. Everyone he touched realizes what a loss this is.

Rest in peace gentle giant.

“ My husband and I met Joey through work and knew immediately that he was going to be a special part of our lives. He and Roman quickly became the best of friends and when he met our daughter Anneliese he became her Cuncle Joey...she was not old enough to say Uncle but she tried and he loved being called Cuncle Joey. If he heard of something that she liked he went out and bought it for her immediately...oh how he loved to spoil her. He spent so many evenings with our family talking and laughing and sharing a meal...and spoiling Anneliese. Roman had a silver bracelet that his father had given him from the Czech Republic and the first time Joey traveled back to TX from TN Roman gave him that bracelet because he said Joey was like the brother he never had. The middle of July was the last time we spoke with Joey via text and we exchanged pictures of Anneliese and of Roman in his element cooking...one of Joey's favorite things about Roman was his cooking and he made sure to spoil Anneliese one last time by sending her a birthday gift. We were truly blessed to be able to call Joey not just a friend but a part of our family and we will miss him dearly. We have shared with Anneliese not only stories of Joey but we have shared with her his amazing heart...Joey truly would give anyone the shirt off his back without a question ask. He was kind and gentle and funny and had a way of drawing you in and making your world a better place. The world lost an incredible man and we our hearts go out to his family. You will continue to be in our hearts and in our prayers. Until we see you again Cuncle Joey fly high.

“ *I will miss days like this, when you round up the family and take them out to eat. You always enjoyed being with family. Most times it was making mom get up and cook breakfast at 7:30 on Saturday mornings or dragging Mom and I to the gym to work out with you. Even if you had to take pictures of her and I at the gym which you did not like but did. The love you had and shared with us was so grand and will be missed tremendously! I love you and will keep you in my heart forever!! Until we meet again...*

It was our great privilege to be a part of Joey's life and share that special humor he had. Joey just had a way of making one feel important and loved. Of course he ALWAYS wanted a hugs. Not when he was working of course. He loved to work and had no time for breaks and hugs while doing what he loved most, Joey had a way of making the most fun of any situation. I always had to make sure I was on my toes as not to fall, as I know he would have had a great big laugh and poling fun while helping me up.

We will miss his loving demeanor and without a shadow of a doubt will again see him when the time is right.

I know it was a passion of yours to make sure little animals had good homes, we will do our best to carry on for you.

Until we meet again , just remember, "Families are Forever"

We send our love and condolences to each of your family...

When it is our time to go, we will never know. But God only knows. The time we are on this earth is very short. But the promise is true to the end. God will be waiting with his arms opened wide. Sometimes there is no reason why death is sudden. I hardly knew the man across the street known as Joey Bruce but from what I saw, he enjoyed life to the fullest. Joey looked from a distance that he was on top of his game. Riding his 4wheeler up and down the street on Fm1791. I'm sorry for the Bruce family loss of Joey Bruce. He will always be remembered as a friend I never knew. God bless the Bruce family and friends of Joey. Deepest Regards from the Doughtie Family the late Bobbie And Carolyn Doughtie.

I met Joey through a professional encounter that was extremely stressful for all involved. If not for Joey's optimism and sense of humor I'm not sure we would have gotten through it. He was a great man and I can honestly say not only did I never have a bad encounter with him but that it was a joy to see him every time we saw each other. He will truly be missed. There are a lot more laughs in heaven right now.
