Dearest Sandy Bryant...To say that I enjoyed reading your posting would be an understatement of the year. When I read your post Sat., November the 11th, 2023 @2:45am, I could tell it flowed from your heart. I am John (Johnny) Preston Fleming's only blood relative. Would you be so kind as to call me? I would so appreciate a call and a visit with you. My Mother, and John's Aunt, died at age 100; she would have been 102 this Monday. I truly would love to talk to you... especially at this time of the year. You can reach me on my land line @ (361) 664 -3037. I prefer listing the land. If I am not home, the answering machine will answer. If for some reason the answering machine does not pickup, you will hear a beep and will be able to leave a voice mail on my AT&T voice mail. (I am able to retrieve those messages as well.). In closing, I agree he deserved so much more from people than he got in return. On my knees, I implore & pray to God, you call me. I am not on Facebook, or I would search you out. Thank you for posting on John's website. It meant a lot to me. Best Regards & God Bless, Preston Larry Fleming/ John's Cousin.

*“ John was one in a million, and one of the kindest souls I have ever met. Words cannot express the gratitude we have towards John for loving and taking care of our mother, Diane, before she passed a few years ago. We have since grown to know and love John as family. He will forever be missed. John, rest in peace, buddy, and tell Diane we miss her too.*

*Dearest Sweet Catherine,  
You are the Sweetest, Kindest, Person. I was so pleased to see your posting. I thank God every night for you entering John's life when you did. You took good care of John as well as my dearly departed Aunt Gladys, John's Mother. Uncle Preston would have been grateful. I remember you & John visiting Mother & me on more than one occasion in our hometown in Alice, Texas. I want you to know John is in Heaven with Mother now. John was the "apple of my Mother's & Dad's eye". Losing John is more than just a loss to me; I am the last of the Fleming Clan. I will certainly miss Cousin John, his laugh, and commanding but yet caring voice. My Dear You made John happy. How can I ever thank you. Know Mother's Jewelry is waiting for you. Sending lots of Love from my heart to Yours today and always. Love, Preston Larry Fleming, Alice, Texas.*

*Dear Cuz, You are now in the Kingdom of Heaven with your Parents as well as my Parents. My Parents loved you so. Taking care of you the first 8 years of your life was their pleasure and joy. You were the apple of their eye. No more Earthly suffering now Cuz, only the Grand House of God that He has prepared for You. I will miss your smile and love we shared for each other. I will do my best to carry on the Fleming name with love and honor as the last living relative. Love, Preston Larry Fleming.*

I apologize for the intrusion. But is the deceased John Preston Fleming who served in U.S. Navy aboard the USS JFK CV-67

Charley Hay - April 24, 2024 at 10:38 PM

PF

Yes, he was. While in the U.S. Navy he went by the name of Preston Earl Fleming. His Dad was Preston Earl Fleming as well. I am John's only living relative. My name is Preston Larry Fleming. John's Mother, Gladys Fleming, felt it was too confusing. John had his name legally changed when he moved back to Alice, Texas after the Navy in his early 20's. My phone number is (361) 664 - 3037. I think we spoke awhile back, but I do have a question for you. Please call me.
