“ *I was very sad to hear about Jose's passing. He was my Principal at the old Cleveland Junior High where I taught 8th grade Science.*

I remember that he had an outrageous sense of humor. He was a hoot to work with. We both a lot in common. As non-Texans, we were always trying to convince people that we were not from Mexico. He, of course, was from El Salvador and my people were from Portugal but no one really believed us. We finally ended up by calling each other "Pancho" and "Pancheeta".

Unlike many of the Administrators I have worked with, he had a great deal of common sense. He tried to teach our kids that life is a struggle and they have to work hard to achieve. He was a wonderful role model for them and many of them looked up to him. He impacted a lot of lives for the better.

*I will always remember him with respect and affection.

“ Dear Bustamante family,
I had the pleasure of working with Jose at Peet Junior High. Our classrooms were next door to each other. I can't tell you how much Jose made me laugh and inspired me with his enthusiasm and wit about life. It was because of him that I went back to school and obtained my Master's Degree, something I know that he was very proud of. He was a wonderful man and will be missed by many. I thank God for the memories that I was able to make with him. Your family is in my thoughts in prayers.
