“ *Dona Tere and Family. I'm sorry about the loss of Don Julian. There are no words to say to be able take your pain away. He was a great person. I know because yall helped me out during my teenage years. I know that him and Juliansito will be looking down from heaven at all of yall. And always remember to celebrate his life not his passing, for he has giving yall wonderful memories to cherish. Yall are forever in my prayers.*
