“ *Dear Coman Family,*

I've been away from Conroe Art League for some time and today, when I attended a meeting, it was announced that Julie passed away in Dec. I was so saddened and shocked; I am very sorry for your loss. She was a special, unique individual who left her mark every where she went, as well as leaving beautiful marks on paper. Years back a group of us "artsy" women spent 3 days at the Boliver Coman beach house. We ate, laughed, painted, laughed, watched funny movies and laughed some more; Julie was a wonderful hostess and I will never forget it. Stay strong and be brave and laugh for her.

Sincerely, Andrea

*Thank you, I was visiting this because I couldn't remember when she passed, 2008 or 2009. I took my wife to the Renaissance Festival this past Sunday 12/01/24. We were on the new toll road & exited 1774 north of fair. I decided to go north a see St Mary's again, I hadn't seen it since her funeral and I was surprised by how much the congregation had grown. Anyway thank for your kind words, this is her oldest son

“ To John and Family,
I was greatly saddened to hear of Julie's Passing this past week. What a hoot she was. Although I only saw her when she needed physical therapy for her multiple injuries, she was a treat to treat. She always had a good story or joke to tell and made every treatment session fun. I could always be straight forward with her and she never shied away from speaking her mind as well. That is what I enjoyed about her. She sincerely cared about others and wanted to do right by them. Your offer to share your beach house with us (summer before hurricane IKE) was very gracious and our family enjoyed our time there. I know your family and friends will see you through this tough time in your life. Call if we can help in any way. God Bless you and yours, especially at this time of Christmas when the hope and promises of Jesus Christ live forever.

PS. Every time I hear of or watch the Red Sox I think of Julie. She loved Boston.

“ I was very saddened to learn about Julie's passing. I knew her in Amesbury High School and we had many classes together. She was always a lot of fun and a wonderful person. May your memories of your life together bring you peace. My sincere sympathy to all of you.

“ Please know that you and your family are in my thoughts and prayers. I have known Julie since grammar school and through the years we shared great times in and out of school. I will always remember her glowing smile, her humor, her warm heart, her love of nature and life, her devotion and pride for her family. We recently reconnected after all these years...as if time had stood still. Julie's life gave us wonderful memories to remember...let grateful memories survive in time of sorrow. God bless.

“ All of you will be in my prayers. Julie and I went to AHS together. I was lucky enough to sit across from her in September when she joined us for our monthly get together. She was the same bubbly, happy Julie I remembered. She was enthusiastic about her birding and her travels. It was very evident that she loved her family immensely. I learned something about all of you. May many happy memories comfort you.
