“ *My niece Karen was always independent and spirited even from her early childhood.*

She showed that to her family and friends over almost six decades of her lifetime. Her father, my brother Bill H. Garrett, was a career military officer who passed away too soon. He and his wife Nita, Karen and her two brothers, alternated living in the USA and in Germany. That lack of roots probably was not always an easy life for kids during their growing years. However, Kalen was bright and learned from that type of life. She began a family early on and met the obligation to raise her family with help from parents and friends. As her "Uncle Bob", I helped financially from time to time. Her children and grandchildren show that they loved her and will miss her - as will all of us.
