“ *Kathleen was a true light in our family. She was always filled with humor and always made me smile. She always made me laugh. She cared deeply about her people and I'm certain that she brought her positive energy and humor to her students. She was a beautiful person and will be missed deeply. KK, I will miss you. I love you. Your light will shine on. You were one of the most unique ladies I have ever known. I will never forget the fun times we shared. Our walks in Briargrove will be etched in my memories forever. KK you were a part of me. I love you and have loved you since I was a little girl eating rolls at our Thanksgiving table. My heart is broken. You were filled with love and goodness. You were one special person. Sail on KK. Until we see each other again. There are truly no words to express how much I loved you.*

“*Kathleen was my favorite cousin. She had that Rawson platinum hair and blue eyes like my mom...pretty sure they are cutting up together in heaven! The best part of every family holiday was sitting at the kids table with KK. I learned about Herman's Hermits and the Rolling Stones and all sorts of big girl stuff from her. She was the funniest and sweetest thing and her wit was quick...her perception was hilarious! I loved her voice and will love and miss her forever. My condolences to all who knew and loved her.*
