“ *Ken was my roommate at a home in North Terre Haute for a term or two when I was in grad school at Rose Poly. While he was studying, running around, and having fun, it seemed I was always stuck with the books. But he did drag me with him several times to go out on the town, and we did get into some real situations. I will always remember Ken as a good friend and a person who loved and lived life to its fullest.*

“ *There is no one I have ever met that loved life mo.re than Kerchner. From the first time I met him at Rose, our time together in Korea, times back in Terre Haute there is no one more fun to be with. Ken I love you and will miss you.*

“ Ken was my fraternity brother and pledge brother. He probably enjoyed life as much as anyone I have known and will certainly be missed by us all.

“ I also met Kerch in 1963 while attending Rose Poly Tech. We lived together at the Sigma Nu Fraternity house in Terra Haute. I remember he had a car that anyone could use...just leave it with "delta x" more gas. Just one of the many memories and an example of his personality!

“ Ken was my very best friend. We met in the 7th grade on opposing basketball teams. The game was close and Ken missed the last two free throws and his team lost. There were tears in his eyes as we went to the locker rooms. This is when I first learned how much he cared about things especially those things close to him. He never stopped caring and to all of us he cared for so much, he will be sorely missed. A better friend could not be found. Kerch, I will miss you. Rick
