“ Henry,

*I am so saddened to hear of Lanelle's passing. When I saw you just last week it seems, I had no idea this would happen, and I am sorry I did not follow up with you about her condition. I have so many many fond memories of her when we worked together all those years, and especially when she was my assistant.*

*We shared daily stories about my girls and Lane and William as they went to school together and as they matured. She loved the medical laboratory and did an excellent job, always demonstrating the knowledge expected of our profession.*

*Please know that I am praying daily that God will comfort you and family during this very difficult time.*
